Experience

MERN Full Stack Developer
Tekisky Pvt Ltd, Nanded, Maharashtra
January 2023 – Present (2 years of full-time experience completed)

- Developed full-stack web applications using React.js, Node.js, and MongoDB.
- Managed AWS cloud infrastructure and deployment for scalable solutions.
- Created secure RESTful APIs with authentication mechanisms using JWT and OAuth.
- Integrated third-party services to enhance application functionality.
- Led development teams, ensuring project quality and efficient version control with Git.

Full Stack Developer Intern
Tekisky Pvt Ltd, Nanded, Maharashtra
August 2022 – Jan 2023 (6 Months Internship)

Projects

1.Tekisky Mart

MERN Stack Developer
- Developed responsive and scalable web interfaces using React.js, Bootstrap, and CSS, ensuring crossdevice compatibility.
- Integrated frontend components with backend APIs for dynamic data rendering and real-time updates.
- Implemented role-based admin authentication and secure access control.
- Automated order confirmation and notification workflows, reducing manual effort.
- Deployed applications on Vercel and supported production-level maintenance.
- **Live Project: https://tekiskymart.com/**

2. Matoshri Pratishthan Group of Institutions (MPGI)

MERN Stack Developer
- Built a fully dynamic multi-institute web application using the MERN stack.
- Developed separate admin panels for institute-specific content, images, and notices.
- Designed and implemented secure RESTful APIs using Node.js, Express.js, and MongoDB.
- Enabled real-time CRUD operations with instant UI updates.
- Integrated AWS S3 for scalable image storage and efficient media management.
- **Live Project: https://mpgi.ac.in/**

3. Asmak Muscat International

Frontend / React Developer
- Built responsive UI components using React.js, Hooks, and Bootstrap.
- Utilized third-party NPM packages for custom UI components.
- Managed source code using GitHub and deployed the application on Vercel.
- **Live Project: https://www.asmakmct.com/**
